- Supervisors are **essential elements of the chain** leading to a successful MSCA PF application
- Support by **well-prepared, experienced supervisors** is proven to add significant value to:
  - The proposal process
  - Later on to the project implementation and impact
- But **how** can supervisors ensure they add most value throughout that journey?

Building a **strategic approach** to MSCA PF supervision can also have direct impacts on **the supervisors, their group and institution!**
